General Information

Employee Notification

When you decide upon a retirement date, notify your department, in writing using the **Employee Notification of Retirement** form. The form provides you the ability to request to use your Vacation, Floating Holiday, Holiday Credit Earned (HCE), Comp Time Earned (CTE), Management Leave, District Attorney and Child Support Attorney Leave and Sick Leave upon separation.

The [Employee Notification of Retirement](#) form is located on Placer County's Human Resources webpage under the Retirement section.

NOTE: You must give a minimum of two weeks' notice to retire in good standing with Placer County. However, the County encourages employees to give notice several months prior to retirement to help facilitate adequate department staffing. Employees leaving County service in good standing, may be eligible, depending on their retirement formula and bargaining unit that represents them, to a converted monetary value of the earned sick leave per Chapter 3.04.420.

Retirement Check

You will receive a retirement check from CalPERS on or about the first of each month. CalPERS retirement checks, like your Placer County paycheck, are paid in arrears (i.e. you will receive your retirement check for the month of January on or about the first week of February).

If you receive retiree medical, the retiree portion of the medical insurance will automatically be taken out of your monthly CalPERS retirement check.

You can choose direct deposit to have your monthly retirement check electronically transferred to your bank. If you do not elect to have direct deposit at the time you apply for retirement, you may do so at a later date by completing the necessary forms available from CalPERS. Typically, it takes one to two months for CalPERS to have your funds electronically transferred, and you will receive a check until the transfer is in effect.

Retirees have the same medical benefit plan choices as active employees, based upon the retiree's residence zip code. If you are enrolled in a medical insurance plan at the time of your retirement and eligible in retirement, your CalPERS medical plan will **automatically** continue.

The retiree portion of the medical insurance will automatically be taken out of your CalPERS retirement check unless you notify CalPERS otherwise. If you want to cancel insurance coverage, you will need to contact CalPERS prior to the first of the month you wish to cancel your insurance. If you do not cancel coverage, **COVERAGE WILL NOT AUTOMATICALLY STOP.**

- If you retire more than 30 days, but less than 120 days after separation from employment with Placer County, your medical coverage may not automatically continue.
- If you are not enrolled at retirement, you can enroll yourself and all eligible family members within 60 days of retirement or at any Open Enrollment.
- You are **not eligible** to be enrolled at retirement or at any future date, if your effective date of retirement is more than 120 days after separation from employment with Placer County.

Retiree Medical Insurance Costs

The County's "employer contribution" for medical insurance premiums for employees retiring is currently based on the same share as the County's contribution for active employees, which is an 80/20 cost sharing formula. This is a negotiated benefit for active employees and is subject to change with labor contract amendments. The new rates are typically available in the fall of the preceding year at Open Enrollment and normally adjusted on your January retirement check each year.

EXCEPTIONS: Military Service Credit, reciprocity time or Additional Retirement Service Credit (ARSC) **does not** count toward the Service Credit required for medical insurance benefits in retirement.

DSA: With the health plan, **PERSCare**, the employee will pay 55% of the premium cost for any plan and the County will pay 45% of the premium cost for that plan.

Medicare Coverage

When you turn age 65, you may be eligible for Medicare coverage under Social Security Administration (SSA). You must apply for your Medicare coverage through Social Security. Failure to apply could affect your Social Security or Medicare benefits and result in a financial penalty. You should receive an advisory notice from Medicare about 4 months before your 65th birthday for your initial enrollment period. Below is information you should know about your Medicare options **when working beyond age 65**:

- You may not enroll in a Medicare Supplemental plan until you retire or are otherwise not eligible for the group plan.
- You have the option of enrolling in Medicare Part B (medical) coverage at your cost. If you do so, your Group Health medical plan remains your primary and Part B (which does have a fee involved) would coordinate as secondary coverage to your Group Health medical plan.
- When you reach age 65, you must complete the Group Health Certification of Medicare Status form to report either your enrollment in Medicare Part B or your deferment until retirement.
- **Once you retire, you must sign up for Part B with Medicare during the eight months following the month that your group health plan coverage or employment ended (whichever is first), also known as the Special Enrollment Period.**
- If you choose to defer Part B, please be aware that there may be a 10% federal surcharge added to the monthly premium for every 12 month period that you were qualified to sign up for Medicare but did not enroll.
- **Upon retirement, you must select a Medicare plan, assuming that you meet other eligibility requirements.**
- **DO NOT enroll in Medicare Part D.**
- For additional information on Medicare and your related benefit options, go to www.medicare.gov.

Under CalPERS law, you must enroll in a Supplement to Medicare or Managed Medicare plan. If your spouse or registered domestic partner is covered as a dependent on your CalPERS medical plan, this also applies to your spouse or registered domestic partner. For more information read the CalPERS publication [Medicare Enrollment Guide](#) online.

Contact the CalPERS Health Benefit Services Division immediately after receiving your Medicare A & B cards to coordinate the effective date of your Medicare coverage. You will also be eligible to change medical plans at this time if you choose to do so. You do not need to wait for open enrollment to make a change when converting to a supplement to Medicare plan.

NOTE: SSA has specific deadlines for enrolling in Medicare. For details, please refer to the Medicare & You handbook published by CMS and available at www.medicare.gov. For additional information, you can contact SSA toll free at (800) 772-1213 or TTY (800) 325-0778, or visit their website at www.ssa.gov.

Following are the options available for Vacation, Floating Holiday, Holiday Credit Earned (HCE), Comp Time Earned (CTE), Management and District Attorney (D.A.) and Child Support Attorney leave balances. (Employees eligible to receive CalPERS Local Safety Retirement formula.)

Eligible employees can choose either option or a combination of the 3 options listed. **It should be noted the selection is irrevocable for DSA, Safety Management and PPEO Correctional Officers and Sergeants.** (County Code Section 03.04.420)

Option 1: Use on Payroll. DSA represented and Probation Officers (accumulated sick leave balances on record on July 23, 2004), Correctional Officers (accumulated sick leave balances on record on November 24, 2006), may use the number of earned sick leave hours accrued to remain in an active pay status, prior to your official retirement date. When using Sick Leave to remain in an active pay status on payroll, you do not accrue additional Sick Leave and Vacation Leave, but your other benefits remain in effect. You will need to decide on your retirement date and then use your Sick Leave on a day for day basis just prior to your retirement date.

Option 2: Cash-Out. If you have at least ten (10 years) of continuous Placer County service, you may cash-out your sick leave, according to the following formula:

Years of Placer County Service (determined by service hours)	Percent of Accrued Sick Leave Eligible for Cash Out
0-10 years	0%
10	50%
11	55%
12	60%
13	65%
14	70%
15	75%
16	80%
17	85%
18	90%
19	95%
20+	100% maximum

- Years of Service are counted in full years of continuous Placer County service and are not pro-rated for partial years (e.g., 10 years and 6 months of service will be considered 10 years). Years of service are determined by service hours, for example 20 years equals 41,600 service hours.
- Your cash-out will be calculated by taking your eligible Sick Leave hours and multiplying the hours by your hourly rate of pay at the time of your retirement.

Option 3: Deferred Compensation 401(k) and/or 457 Plan(s). You may choose to have the cash value of your sick leave hours deposited into your deferred compensation account(s); if your sick leave hours balance value is greater than the IRS annual deferred compensation limit, the excess over the limit will be cashed out.

Sick Leave . . . Continued

Management and Confidential

(Management (excluding Safety Management) and Confidential employees.)

All Sick Leave hours (100%) regardless of your balance will be converted and contributed to a **Retirement Health Savings (RHS)** plan trust for the purposes of reimbursement of premiums and medical expenses incurred for health care expenditures as approved by IRS for the retiree and their spouse or registered domestic partner.

- Your sick leave balances will be converted to a dollar value based on your hourly rate of pay, plus confidential pay and/or longevity pay, if applicable, at the time of your retirement.
- The County will automatically enroll you in an individual account managed by an outside vendor, ICMA-RC. The County will notify you of your account balance once your account with ICMA-RC has been established.
- The vendor (ICMA-RC) will contact you directly to complete the setup of your account. You have the option to reallocate your account to any of the investment alternatives that fits your investment strategy. There are quarterly administrative and investment fees associated with the plan and are the responsibility of the retiree. Quarterly statements are provided.

NOTE: The RHS plan is funded by the County with the value of the sick leave converted at retirement. You cannot contribute additional money to the plan. Only spouses and registered domestic partners are eligible dependents and beneficiaries.

For general information, contact ICMA-RC Vantagecare Retirement Health Savings Plan at (800) 669-7400 or visit online www.icmarc.org/rhs. Your ICMA-RC representative can answer questions related to approved expenses, your overall saving, investing and retirement planning goals.

Consolidated Omnibus Budget Reconciliation Act (COBRA)

Model General Notice of COBRA Continuation Coverage Rights

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage? COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary". You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualifying beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child"
